PRODUCT CATALOG
VOLUME SEVENTEEN

WHY BELGARD®?

Our purpose is to make outside your kind of beautiful. This goes beyond turning creativity and craftsmanship into lasting outdoor spaces. It means bringing your vision to life, together. Because with Belgard, you get more than just beautiful products, you get a partner to help you every step of the way.

INSPIRATION. Ignite your creativity with our online visualizer tool—designed to help you explore and experiment with different styles and design principles.

Visit: Belgard.com/Seeit

EXPERTISE. Our network of Belgard Authorized Contractors are ICPI* trained and must pass specific Belgard requirements to deliver superior craftsmanship, ensuring your outdoor space features only the most reliable work.

*Interlocking Concrete Pavement Institute

Find a contractor: Belgard.com/Locator

PEACE OF MIND. Not only do we stand behind our products with a lifetime limited warranty, but Belgard is also the only hardscapes company backed by the Good Housekeeping Seal for quality and assurance.

Visit: Belgard.com/GHseal and Belgard.com/Warranty

FLEXIBILITY. We offer same-as-cash financing options and payment plans to help you realize your vision on your budget. Belgard Preferred Payment is available through select Belgard Authorized Contractors and Dealers.

Visit: Belgard.com/BPP

A photograph of a backyard pool area. In the foreground, there is a stone-paved deck with a circular water feature. A red patio umbrella stands to the left. In the background, there are lounge chairs with light blue cushions and a white Adirondack chair. The pool is visible on the right side of the image.

Make Outside

YOUR KIND OF BEAUTIFUL

First, dream. Then, do. Belgard's product catalog is a great tool to help you narrow down your product selection. First, get ideas from our inspiration section, then head to the product pages for more detailed information. We're here to help you get inspired, put your plan in motion and see your vision through.

Let's build your
Beautiful.

Start Dreaming

Belgard® is a place where the outdoors is always beautiful. Where the smiles never stop. Since 1995, our locally made and nationally backed products have transformed thousands of properties across North America.

NEW & INNOVATIVE PRODUCTS

Mirage®, Quartziti 2.0 (page 80)
Glacier

MIRAGE® PRODUCTS

Designed in Italy, the sleek, contemporary lines of Mirage Porcelain pavers incorporate many of today's most current design trends. With larger paver sizes and a variety of face styles that mimic stone, concrete or wood, Mirage creates ultra-modern outdoor living spaces with avant-garde style.

Porcelain pavers offer a large-format option that works well with this type of design scheme and mirrors contemporary interior design trends, allowing for the creation of outdoor living spaces that more closely emulate the look of indoor living spaces. Available in dozens of interpretations of stone, wood and concrete textures, porcelain pavers offer the added benefit of the ability to install over a variety of base materials including sand, gravel, grass and concrete.

NOON

With the appearance of reclaimed wood, the Noon family of porcelain pavers truly brings the inside to the outdoor living space. Available in four colors and two plank sizes, Noon is available to be mixed and matched to create a distinctive outdoor environment.

Ember

NEW & INNOVATIVE PRODUCTS

TANDEM® WALL (SHOWN ABOVE LEFT)

A revolutionary, new wall system that provides the appearance of natural stone and will complement any hardscape. The innovative, versatile Tandem Wall system can be used to create attractive curved or straight retaining and freestanding landscape walls.

TANDEM® MODULAR GRID SYSTEM (SHOWN ABOVE RIGHT)

Imagine efficiently creating outdoor living features to coordinate with the natural stone appearance of Tandem Wall. Utilizing our modular grid system and Tandem veneers, you can efficiently construct outdoor kitchens, benches, planters and more, with the new Tandem Modular Grid System.

RINN™ PADIO® 14

Crafted to exacting standards using high-quality materials, proprietary formulations and state-of-the-art processes, the Rinn™ Padio® 14 paving system provides rich, long-lasting colors and iconic European styling.

The Texturgard™ manufacturing process fuses a combination of rich pigments into the matrix of the top wear course of the paving units. This process produces a rich color, wear-resistant surface and a distinctive texture.

Rinn™ Padio® 14 (page 68)
Graphite

LANDINGS STEP

Developed to help you create a grand entrance, Landings is an elegant step with a quarried limestone look. It is designed with texture on the riser for a natural stone appearance with a granite like texture on the tread. The nesting feature also allows for a seamless wider landing utilizing two units.

A photograph of an outdoor patio area. In the foreground, there is a large, curved stone pillar or wall made of dark, stacked stones. The patio floor is paved with irregular, natural stone tiles in various shades of brown, tan, and grey. In the background, there is a stone fireplace with a dark opening, a dark wicker table with a white tablecloth, and a dark wicker chair with a light-colored cushion. A house with grey siding and a window is visible in the background. The overall scene is a well-maintained outdoor living space.

CREATE A ROOM WITHOUT A ROOF.

When you create an outdoor living room, you can be sure it will not only be filled with life, but with moments that last a lifetime. Whether hosting an impromptu dinner party, inviting the neighbors over, or just spending some quality time with your family, Belgard® is your source for beautiful patio designs.

WALKWAYS

Urbana® Pavers (page 70)
Brookstone Slate Body & Harvest Blend Accent

A photograph of a garden walkway made of dark grey and reddish-brown stone pavers. The path leads through a lush garden with green bushes, pink flowers, and a large grey rock. A black outdoor lamp stands near the path. In the background, a house with a brick chimney and a birdhouse is visible.

BLAZE A PATH.

Only Belgard® pavers can transform a walkway into a first impression that truly lasts. Creating the perfect first impression to your home is as easy as opening your door.

DESIGN IDEAS FOR A ONE-OF-A-KIND SPACE

Visually appealing designs and accents can add interest and depth to your outdoor living area—delineating and defining your space or sections within it. Depending on your personal desires, you may use complementary or contrasting elements to make your space distinctively yours.

Complementary COLORS & TEXTURES

Use pavers of complementary colors and textures to create a coordinated, harmonious outdoor space. Lighter tones open up an area, while darker ones make a space feel smaller and more intimate. Add depth to your space by blending pavers of similar tones. Pair pavers in the same style for complementary textures that define outdoor sections yet offer a smooth transition from one area to another.

Contrasting COLORS & TEXTURES

Combine pavers of contrasting colors and textures to create an intricate and aesthetically appealing design. Define your space by using dark paver colors to line an area of light color, or vice versa. Add depth with contrasting textures. Use pavers of different styles to pair contrasting textures to accent your outdoor area and add visual appeal.

For more design and accent ideas visit: Belgard.com/accents

OUTDOOR KITCHENS & FIRE FEATURES

Bordeaux Fireplace (page 122)

Relaxation Made Simple.

Make the outdoors a little cozier with Belgard's collection of modular pre-built outdoor kitchens and fire features. With our pre-assembled tailored designs what you see is what you get, nothing is left to chance. The modularity of the system also allows for a quicker and cleaner installation process, which means you'll be cozied up by the fire by nightfall.

Sealers, Adhesives & Cleaners

Belgard® and Belgard Dealers carry a complete line of quality masonry tools and supplies, along with all the base materials needed to properly install Belgard Paving Stones and Retaining Wall Systems.

Ask your Belgard Sales Representative for a complete list of Belgard Accessories. Below is an overview of accessory options available.

- Edge Restraints
- Geogrid
- Polymeric Sand
- Retaining Wall Pins
- Cleaners
- Sealers
- Adhesives

JOINT SAND BY TECHNISEAL®

NO DUST.† NO HAZE. NO WASTE.

NextGel™ is a revolutionary technology that radically transforms the properties and behavior of jointing sand, resulting in the first ever true “no dust”, “no haze” and “no waste” sand for a fast and clean installation.

NextGel’s optimal strength makes it ideal for every hardscape project, including natural stone, textured or clay pavers and porcelain tiles.

- Heavy-sloped and high-traffic areas
- High-humidity areas and pool decks
- Commercial, residential and public projects
- False or wide joints from 1/16” to 4”

JOINTING MATERIAL • PAVER TREATMENT PRODUCTS

†This product contains no dust from additives.

TECHNICAL SPECIFICATIONS

EASY REFERENCE

Belgard® provides product specifications, square footage and pallet information to make planning for your project easier.

For a complete technical guide of Belgard pavers, walls and curbs visit **Belgard.com** to download a comprehensive Resource Guide.

Understanding the Process

Belgard® will improve the beauty and value of your home. But like any construction project, it's worthwhile to have as much information as possible before you begin the process. With that in mind, this next section is dedicated to helping you make the best decisions and understand what to expect before you get started with your project.

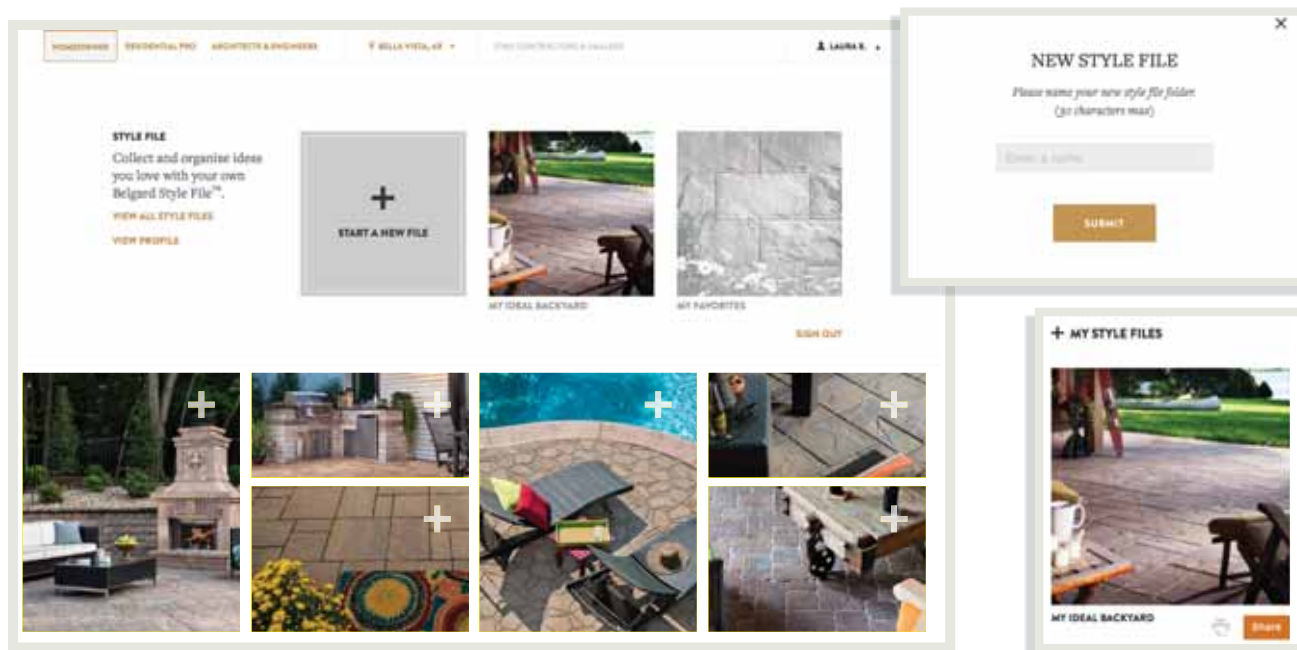

Inspiration

Every project begins with an idea, a dream. Belgard® products are designed to last the lifetime of your home, so before you begin it's important to explore the options that are available. Learn what's possible so that you can develop and nurture that dream into an outdoor space that truly mirrors your personal style.

Create Your Online Style File

With your **Belgard Style File™**, you can peruse our Belgard.com inspiration galleries to collect and organize the outdoor hardscape ideas that speak to you. Gathering images of your dream patio or outdoor space will illuminate and help define your ultimate design. Later, you can share your Style File with your contractor to bring your hardscaping ideas to life. Visit Belgard.com/style_file.

Create and name multiple Style Files to organize images and products in various ways. For example, make one Style File for "Fire Pit Ideas" and another for "Outdoor Kitchens", whatever is important to you. Simply click on any plus sign throughout the website to add a product or image to one of your Style Files. Every Style File can be saved online and shared through email or social media.

Looking for More Inspiration?

In addition to the Belgard Style File, Belgard provides a variety of other avenues to help nurture your dream so you can design and create the ideal outdoor living space. In addition to this catalog, Belgard offers a free Idea Book, which can be ordered from Belgard.com, that offers pages of exquisite outdoor living designs. We also invite you to visit our Pinterest and Facebook pages for a showcase of online design ideas. And for a variety of tips on both designing and living in your outdoor living space, visit the "Outdoor Living by Belgard" blog at Belgard.com/blog.

Outdoor Design Basics

Creating your outdoor space begins with navigating through the variety of products you have to choose from. The fun starts with narrowing those products down based on a few personal style choices to bring your ultimate product selection into focus. Below is a simple guide on what style cues to consider when choosing your hardscape products:

Colors

Pavers come in neutral and natural tones such as grays, tans, reds, ivories and blends of each. They can work to complement or harmonize with your existing color schemes. Pick what you love, but also understand your vision so you pick tones with intent.

Catalina® Grana 6-Piece

Shapes

Paver shapes have evolved over time. Once simple rectangular stones, they now come in a wide assortment of sizes and shapes that can be mixed to look natural or to create geometric patterns. Belgard specializes in irregular shapes that combine to form a less structured stone or flagstone appearance.

Mega-Arbel®

Textures

Paver textures can help you subtly accent your design scheme. Our pavers come in several different textures—including smooth and contemporary options, natural stone textures and rustic antiqued textures.

Mega-Old World & Old World Paver™

Borders & Accents

Once you have selected your primary paver, don't forget to finish the space with borders and accents. You can really show your style and choose to match, complement or contrast your primary paver selection. Have fun with the process and make your space one-of-a-kind.

Urbana® Pavers & Marina™ Coping

Visualize Your Project

Belgard's online **Project Visualizer** allows you to be your own hardscape designer. Choose from our image library of patios, driveways and walkways, or upload your own photo to experiment with paver styles and colors and explore an infinite number of design possibilities.

Option 1: Using the Image Library

Select an image, then simply click on a paver field to highlight it and change the paver style, color or laying pattern. It's as simple as pointing and clicking, with easy-to-understand navigation.

Option 2: Create Your Own Design

Upload a photo of your driveway or backyard, then follow the toolbox instructions to outline and create fields where you'd like to install pavers. Experiment with a variety of paver styles and colors, create contrasting borders, vary the laying patterns – have fun creating your own design!

Save & Share Your Designs

Additional tools allow you to save and compare different versions, as well as share your ideas through email or social media.

Ready to "Visualize" Your Backyard Makeover?

Visit Belgard.com/Seeit

Project Phasing

If you have a large project and would like to phase out construction over time, be sure to plan the entire design before you get started so that you can plan for any future electrical, plumbing or drainage needs.

Belgard® Preferred Payment

Instead of phasing the project out over months or years, talk to a **Belgard Authorized Contractor or Dealer** about building now and paying later with same-as-cash financing that allows you to spread out the expenditure instead of the construction. There are often construction economies that can be achieved by doing the entire project at once, which could save you both money and time. Plus, you get to start enjoying your dream outdoor living space much sooner!

Selecting a Contractor

A hardscape project is an important investment in your home, and selecting the right contractor is a critical decision. Don't be afraid to ask a lot of questions. It's important that you get to know your contractor so that you can work together as a team to create your ideal outdoor living space.

What to Ask

- Installing hardscapes is a **SPECIALIZED SKILL** that requires training and experience. Inquire about specialized certifications and training from organizations like the Interlocking Concrete Paver Institute (ICPI). All **Belgard® Authorized Contractors** are required to have at least one team member who is ICPI certified and must meet annual requirements to maintain the company's "authorized" status.
- Ask for **CUSTOMER REFERENCES** and to see photos of past projects, both for design ideas and to get a sense of the contractor's level of creativity, expertise and work ethic. Ask for an address or two and check out the workmanship up close, with the homeowner's permission of course.
- Determine upfront which aspects of the project the contractor can handle. Will their team manage aspects like **LANDSCAPING, PLUMBING, IRRIGATION AND LIGHTING** – or will you be expected to handle this separately?
- Be sure to get a complete understanding of **PAYMENT TERMS** and estimated start date and turn-around time.
- It important to hire a contractor who can provide **PROOF OF INSURANCE** and is able to guarantee their work for a period of at least one year after the installation.

Checklist for Contractor:

- | | |
|--|---|
| <input type="checkbox"/> Industry Certification (ICPI, NCMA, SRW) | <input type="checkbox"/> Work Schedule |
| <input type="checkbox"/> Proof of Insurance | <input type="checkbox"/> Price Estimate |
| <input type="checkbox"/> Workmanship Guarantee
(at least one year) | <input type="checkbox"/> Scope of Work/Contract |
| <input type="checkbox"/> Business License/Contractor's license
(where applicable) | <input type="checkbox"/> Referrals |

To find a Belgard Authorized Contractor or Dealer
visit **Belgard.com/locator**

What to Expect

Before breaking ground, it's important to see a design sketch so that you and the contractor are both on the same page. If your contractor uses the **Belgard® Design Studio**, you can see photorealistic 3-D images, which will give you an idea of how your space will look.

The Belgard Design Studio can transform photos of your space and a design sketch from your contractor into realistic imagery of your future outdoor living space, taking into account existing structures and landscaping, as well as future furniture placement and lighting. To see samples of existing 3-D designs, visit [Belgard.com/DesignStudio](https://www.belgard.com/DesignStudio).

Project Considerations & Timeline

All outdoor projects are subject to weather conditions, so even with the best plan, there could always be delays. The timeline for your hardscaping project depends on several factors including the size and scale of the project, permitting needs (which vary by municipality), and the acceptance of any community organizations, such as homeowner associations or architectural review boards. It's also a good idea to check with your contractor to ensure that all items being installed are readily available and don't require a long lead time.

All things considered, the general project should be conducted in phases, which include but are not limited to: demolition, site preparation, base material installation, bedding sand installation, hardscape installation, joint sand installation, and then followed by additional paver cleaning and sealing. Be sure to discuss any construction phases that might be disruptive to your neighbors so that you can communicate that information to them as needed.

After the installation, be sure to do a final walk-through with your hardscape contractor to ensure that everything covered in the contract is complete, and you are satisfied with the work.

Installation Process

Paver installations require that the designated area is cleared by removing any existing grass or plants and digging an area deep enough to account for the base layer, sand and pavers.

BASE

Pavers are installed on a compacted granular aggregate which should be between 4 and 6 inches deep. The depth of the base layer is influenced by the soil type and application. The base layer should be leveled and compacted firmly, and will safeguard against the pavers shifting or settling.

BEDDING SAND

Once the base is in place, a layer of sand is added and leveled or screeded. Bedding sand plays a critical role in ensuring proper interlock between the pavers and allowing for a smooth surface. Bedding sand should be at least 1-inch deep and spread evenly across the base material.

JOINT SAND

Pavers are laid on top of the leveled sand. Joint sand is then swept into the joints between the pavers, and a compactor can be used to ensure the sand is evenly distributed into the joints. Joint sand helps to further lock the pavers in place and plays a critical role in keeping debris and weeds out of the joints.

Product Quality

Belgard's manufacturing processes are world-class, using only quality materials to produce hardscapes that resist breaking and fading and will provide lasting beauty for your home. We proudly stand behind our products with a lifetime transferable limited warranty. You can relax knowing that once your Belgard® hardscape is installed by an authorized contractor, it's warrantied for as long as you own your home. The warranty can also be a transferable asset when you sell your home. Visit Belgard.com/GHWarranty.

Good Housekeeping Seal

Belgard is the only hardscape manufacturer to be backed by the Good Housekeeping Seal, the most recognized distinction of product quality in the home improvement industry. In addition to the limited lifetime warranty through Belgard, Good Housekeeping offers a limited two-year warranty on all products that carry the Seal.

Long Term Care & Maintenance

Even though Belgard® pavers are extremely durable and come with a lifetime structural warranty, seasonal maintenance is encouraged to preserve the beauty and integrity of your hardscape installation.

GENERAL MAINTENANCE

Clean your pavers each Spring with a coarse-bristle “stale” broom and a paver cleaner to keep them looking like new. Be careful when cleaning your Belgard pavers with power washers as the force of the spray can damage the aggregate under the paver’s surface.

TECHNISEAL® CLEANERS & SEALERS

Part of the Oldcastle® family of architectural products, Techniseal has been a world leader in joint sand stabilization and paver maintenance products for over 30 years and is the preferred brand for use with Belgard pavers. Techniseal offers the ideal suite of cleaning and sealing products to ensure the lasting beauty of your Belgard installation for years to come.

RETAIN

If you love the appearance of your Belgard pavers just the way they are, we have the sealer to preserve that aesthetic and protect against stains.

ENHANCE

If you prefer the inner beauty that is revealed when your Belgard pavers get wet, we have sealers to provide that look in both matte and gloss finishes.

APPLICATION

Professional application is recommended in order to ensure the best longevity of Techniseal maintenance products. Proper surface preparation and thorough and even coverage of a sealant will guarantee the longest life possible. Reapplication should occur every 3-5 years, depending on weather, use and the sealer selected.

PERMEABLE PAVERS

Permeable pavers can be maintained in much the same way as standard pavers. The primary difference is that instead of using joint sand, permeable paver joints are filled with fine aggregate that allows rainwater to drain into the joints. If the joints have become clogged with debris, affecting water infiltration, the joints should be vacuumed and re-jointed with aggregate.

ABOUT US

At Belgard®, our uncompromising quality and craftsmanship sets the standard for hardscapes, landscape design and innovation. Our products combine weather-resistant beauty and long-lasting durability to create captivating outdoor spaces that last for decades with minimal maintenance. And our remarkably natural look and feel is unrivaled in the industry.

Since 1995, our locally made and nationally backed products have transformed thousands of residential and commercial properties across North America. With more shapes, styles and textures than any other brand, Belgard's outdoor living paving and wall products aren't just functional, they infuse outdoor spaces with distinctive atmosphere and style.

Every day, our network of Belgard Authorized Dealers and Contractors helps customers realize their outdoor dreams. And every year, we strive to improve our product and service offerings by dedicating more than 20,000 hours to research and development. By staying ahead of design trends, we are able to provide design-forward products that homeowners envision for their backyard spaces.

All of our outdoor products—when installed by a Belgard Authorized Contractor—are covered by a transferable lifetime limited warranty. That's just part of our commitment to lasting outdoor beauty.

Let today be the start of *something new...*

Stay connected with Belgard® for design inspiration, entertaining ideas, contests, recipes and more.

PEACE OF MIND, GUARANTEED

Lifetime Transferable Limited Warranty

Oldcastle Architectural, Inc. ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard guarantees its Products against these standards for the lifetime of the Product defined by ICPI. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. *The original proof of purchase is required.*

This warranty is only valid if the material is installed under the guidelines of the ICPI (www.ICPI.org), The NCMA (www.ncma.org) or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job is installed by a Belgard Authorized Contractor who guarantees their workmanship for a minimum of 2 years from the date of install.

For warranty service, contact Belgard at 1-800-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard Product fails to meet the specifications, Belgard will replace the defective product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE. SOME STATES DO NOT ALLOW FOR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.
